

2022 Robert Phillips Regional Diversity Award

Welcome to the Award Nomination Page

Dear Nominator,

Each year at the Northwest Public Employees Diversity Conference, we honor an employee, work group, team or department that demonstrates a respect for, and commitment to, diversity that goes beyond their day-to-day job performance. They have championed for or played an important role in promoting equity in the workplace or the community. We appreciate you taking the time to submit a nomination in recognition of such an endeavor.

The namesake of this award, Robert Phillips, worked in the area of equal employment opportunity for over 25 years and has been involved in civil rights, developing policy initiatives, plans and programs that promoted respectful work environments for diverse employees. He served on numerous boards, and left a legacy of successful programs and outcomes.

Embracing the spirit by which Mr. Phillips poured out so much for the cause of creating such an inclusive workplace, we thank you for your recognition of the contribution of another public employee, work group, team or department towards this cause.

Sincerely,
NWPEDC Planning Committee
